

Endeavor Branded  
**“Toner”**

Remanufactured compatible toner cartridges for Printers by HP, Lexmark, Brother and more. Providing compatible, eco-friendly toner cartridges, available for multiple brands and models of printers; provide businesses a way to reduce expenses without compromising performance or reliability.

Endeavor toner products represent the industry's most sophisticated technology and are passed on to their customers following strict inspection and performance testing. Endeavor has a committed goal to provide the most exceptional print quality the compatible industry offers. Page-for-Page Endeavor guarantees that the quality of their remanufactured toner cartridges will match or exceed that of an original equipment manufacturer (OEM) product. When remanufactured properly under the highest quality control, it's our belief remanufactured compatible toner cartridges perform as well as, or better than, new cartridges.

When you purchase a car, a buyer should consider operating costs and fuel is at the top of the list. Based on the buyer's amount, type and time of driving should influence the decision. Likewise when you consider purchasing a printer; on-going operating costs must be factored and toner should be at the top of the list.

Fuel is to cars, what toner is to printers. Both require a necessary expenditure to operate and represent a large percentage of the on-going costs. Both fuel and toner costs vary. You have choices of octane levels and stations to fill-up. Likewise; you have the choice of OEM or compatible equivalent like our toner. Would you consciously pay more at the pump when you have a lower-cost, quality alternative? Likewise, toner is no different.

It's time to start saving time and money by using Endeavor toner products.

**Office Addresses**

Endeavor Services Group, LLC  
225 Cedar Hill Street, Second Floor  
Marlborough, MA 01752

Endeavor Services Group, LLC
